

Get To Know

I-TEC

International Technical
Electric & Construction

Mission Statement

I-TEC is a non-denominational ministry utilizing volunteers to meet the technical needs of missionaries and not-for-profit organizations worldwide.

I-TEC Needs You!

If you have a heart to serve and want to use your expertise to further God's Kingdom, then I-TEC needs you! We are looking for volunteers to help at our facilities in Pennsylvania and Washington as well as those who can travel to help on projects. I-TEC is a great place for electricians, I.T. personnel, solar engineers, solar installers, linemen, construction workers, mechanics and technicians to use their skills.

Why We Do What We Do

To advance the message that
Jesus Christ is the
light of the world by

“Powering Missions Worldwide”

Who We Are

A few years ago, a group of linemen and electricians from Pennsylvania started asking God how He might use them to further the reach of the Gospel around the world. They desired to use their skills and experience to help missionaries with their electrical needs. God led this small group of Christian men to start I-TEC in 2006 which has now helped ministries on four continents!

Theme Verse

“Therefore, as we have opportunity, let us do good to all people, especially to those who belong to the family of believers.”
Galatians 6:10

What We Do

All I-TEC projects are customized to meet individual project needs. Here are a few examples of what I-TEC volunteers are able to do:

- Survey for power quality and electrical system improvements
- Install, repair, upgrade and monitor electrical systems
- Work with solar electric systems including these two options:
 - 1) New or existing systems
 - 2) Build, install & monitor I-TEC's solar **Power Pacs** (see our website for info)

I-TEC's Solar PowerPac

Where We Work

I-TEC helps missionaries and not-for-profit groups in all corners of the world. We do projects in Africa, Asia, South America, Latin America and in the United States. We help to bring reliable energy to mission hospitals, Bible training centers, Christian camps, radio stations and various types of ministries who are sharing the Gospel in hard-to-reach places.
