

# I-TEC UPDATE November 2019

1 Corinthians 15:58

Therefore, my dear brothers, stand firm. Let nothing move you. Always give yourselves fully to the work of the Lord, because you know that your **labor in the Lord is not in vain.**

## Bujumbura, Burundi

The Hope Africa University and Van Norman Clinic project is **now complete**. This verse was very evident with our team installing the solar field and PowerPac. Both of these ministries are receiving 24hour power for the first time. Our prayer is that with that power, students will receive biblical training along with medical training and through the power of the Holy Spirit, begin to make a difference in this war torn country with so much death and destruction in its history. Burundi is listed as the POOREST country in the world. We were blessed to be a part of this effort as a support ministry. Our I-TEC focus is not only on providing life saving power but providing opportunities for volunteers both skilled and unskilled to use their gifts, and experience first hand how God will multiply their efforts knowing that their **labor in the Lord is not in vain.**

These were the volunteers God used in Burundi to accomplish the task. Many more were part of the construction effort back in PA. **Thank you for your support of I-TEC and these very important volunteers.**

**Mike Babst, Dave Campbell, Ken Dombach, Michael Fisher, Gene Flewelling, Steph Flewelling, Darrel Gribble, Deb Hanczar, Brian Monte, Gabe Myers, Gary Smedley, Bill Smith, Darrell Stone, Ed Therriault, Mike Thompson, Patrice Vibbert, Miguel Villa, Nora Villa, Xochiti Villa, Itzel Villa, Quetzali Villa, Matt Wilson and Lauren Chudnovsky.**

## Future Projects

December– Four I-TEC volunteers will be travelling first to **Tanzania**, to do a visual survey on a Tesla micro grid installation similar to what has been proposed for ELWA in Liberia next year.

- Burundi**, doing maintenance on the PowerPac at Kibuye and
- Uganda**, replacing a battery bank at Restoration Gateway.

As you can imagine, lots of opportunities for travel frustrations. Please pray for safety, wisdom and patience.

This year is soon to end, would you consider becoming a volunteer in 2020? Call 570-433-0777 or email [contact@itec.org](mailto:contact@itec.org).
